

Amtico cleaning and maintenance

Sparkle and shine

For regular cleans, use Amtico Floor care Maintainer, which will remove any marks that don't disappear with a light sweep. Mopping your floor has never been easier.

All you have to do is apply and dry in three easy steps:

1. Apply diluted Amtico Floor care Maintainer with a damp mop.
2. Rinse the mop and change the solution as needed.
3. Let the floor area dry thoroughly.

Don't forget to clean the equipment after use. Any scuff marks that are not removed during routine cleaning may be gently rubbed with a non-abrasive or nylon pad of the type used on non-stick cookware.

Clean as a whistle

There are times when your flooring may require a deeper clean. Amtico has the perfect products to get the glister back.

For an occasional spring clean, use our Amtico Floor care Stripper and Floor care dressing products. The Floor care Stripper is designed to remove ingrained dirt whilst the Floor care dressing protects the floor and gives a beautiful satin finish. It also gives added protection against scuffing and scratching. ***Available to purchase at your local Amtico retailer.***

Glisten and gleam

It's simple to strip and dress your floor.

Stripping

Apply the prepared Floor care Stripper, mop the floor, leave for 10 minutes and finally rinse clean. We suggest you rinse twice for a fabulous finish.

Dressing

Apply the Floor care Dressing using a flat head applicator mop for a beautiful satin finish.

- Start at the furthest point from the room exit, apply a thin coat at the edges and then apply to the main floor.
- Allow to dry for approx. 30 minutes.
- Keep the area well ventilated.
- Apply a second coat at right angles to the first coat and allow to dry for approx. 30 minutes

FLOORING WORKS

Wear and care

To keep your Amtico floor looking good for longer and perfectly pristine, follow these simple steps:

- Use furniture cups, felt pads, castors or glides to help reduce the risk of scratching and marking your Amtico floor.
- Avoid dragging heavy furniture items across the floor as this can result in scratch marks.
- Avoid spray from aerosols, rubber, asphalt, paints, shoe polishes, cigarettes, matches and very sharp grit.
- Wipe up any spillages immediately – the affected areas should be thoroughly cleaned with Amtico Floorcare Maintainer or ready to use Amtico Spillage Remover.
- Avoid using steam mops to clean the floor as these can cause damage to the products.
- Use barrier matting to help reduce the chance of water, excess grit, dirt, small stones and other debris being walked on to the floor.
